

	IP20	850°	+RAL 
---	------	------	---

GIROBAS peut être combinée avec les luminaires apparents BASE pour réaliser un effet uniforme.

1: RAL9010: Blanc Pur. **2:** RAL9005: Noir Foncé. **4:** RAL7016: Gris Anthracite. **7:** RAL9006: Aluminium Blanc

The diagram is divided into two sections. The left section shows a circular icon of a worker with a wrench and screwdriver, a circular icon of a standard LED light bulb, and a square icon of a recessed LED light fixture, connected by double-headed arrows. The right section shows a circular icon of a worker with a wrench and screwdriver, and a 3D perspective view of two LED strip lights. One strip is labeled 'LED' and the other '200V', with a double-headed arrow between them.
