UNEDO 100 Opal diffuser IP66 Bollards

	d with 360° light emission, radial beam. d head with a diameter of 140mm.
	d height : 239mm.
	ction rating against dust and moisture: IP66 – full protection.
Prote	ction rating for resistance against harmful mechanical impacts: IK06.
	ast aluminium body and top cover made of die-cast aluminium and extruded aluminium tube c
	polyester powder along with C4 treatment for corrosion resistance to guarantee further durabilit
	red paint finish. Different RAL colour finishes available under request. C5-M special coating for
	r corrosive environments is available under request.
	opal borosilicate glass.
	ainless steel locking screw. Optional supply of A2 stainless steel vandal-resistant screw.
	ne gasket. venting valve to reduce condensation.
	on the top of the fixture.
	n driver included. Ambient temperature: up to 50°C.
	onic options for light control : DALI-2.
	river contained in this luminaire complies with European Directive 2009/125/EC establishing flic
	PstLM \leq 1 and SVM \leq 0.4.
Pre-w	riring with 25cm of 3x1mm2 cable.
	le cable gland entry for installation in series.
	connector not included, it can be ordered separately: F3.A3. (On/Off) / F3.A5. (DALI-2).
	ting base supplied with the fixture.
	ssory for installation in concrete reference F3.P1.BLD .
	y base accessory to ensure high stability in public spaces F3.2.BLD. ssory for installation in grass reference F3.O1.BLD.

Note

LED technology and performance data are constantly changing. Current details should therefore be checked with ROVASI in order to ensure that it is still the most up to date reference. Updated data will be supplied on request. [Last revised on 04.07.2025]

5 years guarantee
