M2.C0240

Protection rating against dust and moisture: IP65 from underneath.

Protection rating for resistance to harmful mechanical impacts: IK07.

316L stainless steel (marine grade) trim with glass diffuser (or polycarbonate diffuser / IK10) cover fixed to the downlight with screws.

Silicone rubber gasket sealing to guarantee IP65 protection from underneath.

Ideal for high-humidity environments or interior spaces that require low-maintenance.

+ IK10

Polycarbonate diffuser available to increase the IK protection rate to IK10 (if a polycarbonate diffuser is required, please note "P" after the diffuser finish).

Note
